Albany County Prescription Discount Card Program

Albany County Prescription Discount Card

Sponsored by Albany County Government

The ProAct Prescription Discount Card is completely FREE and can save you money on prescription medications.

Discount Card

The ProAct Prescription Drug Discount Card program helps residents save money on their prescription medications when their prescriptions are not covered by insurance.

Who's Eligible

The discount cards may be used by all residents regardless of age, income, or existing health coverage. We encourage all residents to keep a discount card on-hand, to ensure they will never pay full cash price for their prescriptions. There are no restrictions or limitations on frequency of use.

What it Costs

This program is completely free for the county and its residents. There are no applications or enrollment fees. Simply take the discount card along with a prescription to a participating pharmacy and start saving.

Savings

On average, participants can anticipate saving 10-20% on name brand medications and 20-70% on generic medications. Discounts will vary depending on the drug and quantity being purchased. Cards can also be used to discount certain pet medications. The program now provides discounts on vision, hearing, and LASIK services. A discounted dental plan is also available, which costs only \$36.50 per year for an individual and \$52.00 per year for the entire family. Visit www.NYRxDiscountCard.com for more information.

Easy

Simply bring your County Discount Card to any participating pharmacy and start saving.

Restrictions

There are no limits or restrictions on usage. We encourage all residents to use the program when paying the full cash price for prescription medications.

"It was simple... I presented my card at the pharmacy counter and that was it. It was great to see that my local pharmacist was willing to help."
