

NATIONAL PRESCRIPTION DRUG TAKE-BACK DAY

Got Drugs?

Turn in your unused or expired medication for safe disposal Saturday, October 26th, 10 a.m. – 2 p.m.

Visit www.dea.gov or call 800-882-9539 for a collection site near you.

Proper disposal of unused prescription and over-the-counter medications is important to protect both people and the environment. Unused prescription and over-the-counter medications that remain in the home can cause serious harm to people if they are taken accidentally, intentionally misused or inappropriately given to someone else. Studies show that a majority of abused prescription drugs are obtained from family and friends, including the home medicine cabinet. Unused medications that are flushed down the toilet or poured down the sink can enter the water supply, harming fish and other wildlife and posing a potential risk to people.
